GENERAL RULES AND POLICIES
CITY OF RADCLIFF - SANITARY SEWER SERVICES

(N)

First 2,000 gallons or less	8.39 (min) 2,000 gal	9.23 2,000 gal	\$17.62
Next 13,000 gallons	4.18	1.57	\$ 5.75
Over 15,000 gallons	4.18	0.42	\$ 4.60(Rev. 02/2007- 3.385% COL)

For residential, industrial, institutional and commercial users, monthly user charges will be based on actual water usage. If a residential, commercial, institutional or industrial user has a consumptive use of water, or, in some other manner uses water which is not discharged into the wastewater collection system, the user charge for that contributor may be based on readings of a wastewater meter (s) or separate water meters(s) installed and maintained at the user's expense.

(Ord. of 6-22-96)

- (c) Sewage rates provided in paragraph (b) are based on the underlying assumption that all metered water consumption is eventually returned to the wastewater treatment system. The City reserves the right to determine by whatever means and methods it may find practicable, the amount of water consumption and/or wastewater discharge that shall be used to compute user service charges.
- (d) Surcharge for excessive strength. Users having a discharge over the normal sewage strength of (250) mg/l total suspended solids and/or two hundred fifty (250) mg/l biochemical oxygen and/or 25mg/l ammonia nitrogen, shall incur an additional charge of thirty-two cents (\$0.32) per pound of biochemical oxygen demand and twenty-two cents (\$0.22) per pound of suspended solids, and/or ninety-five cents (\$0.95 per pound of ammonia nitrogen. (Ord. of 3-25-96)

The excessive strength surcharge is based on the difference between the user's pollutant concentration (mg/l) and the allowable concentration for normal wastewater (mg/l) multiplied by: the surcharge rate, weight of one gallon of water (8.34lbs.) and the user's monthly flow to the wastewater works (million gallons per day).

No reduction in wastewater service charges, fees, or taxes shall be permitted because of the fact that certain wastes discharged to the wastewater works contain less than 250 mg/l BOD, 250 mg/l suspended solids or 25 mg/l ammonia nitrogen. (Ord. of 6-22-96)

- (e) Security deposit for sewer service. Any person, firm, association or other entity applying for sewer service from the City of Radcliff after September 30, 1987, shall be required to pay a security deposit of twenty-five (\$35.00) to the City of Radcliff or its designees, to be held by the City of Radcliff or its designees until the termination of such sewer service by the applicant. (Ord. of 6-17-87; Ord. of 6-16-92; Ord. of 6-22-96) (Ord. of 11-02-2000)

Upon termination of such service by the applicant, said security deposit shall be refunded to the applicant by the City of Radcliff or its designees less any amounts due the City of Radcliff for unpaid sewer service
